

TRANSPORTATION PROGRAM

Proposed Widening of Pineview Road (S40-1248) Public Information Meeting

WELCOME

The Richland County Transportation Program welcomes you to the Public Information Meeting for the proposed Pineview Road Widening project. This informal meeting offers a chance to speak with project staff and view project information. No formal presentation will be given. The purpose of the meeting is to provide an opportunity for the local community, stakeholders, and interested persons to review and comment on the proposed project improvements. Another purpose of the meeting is to gather local knowledge from the public or interested organizations regarding historic or cultural resources.

PROJECT OVERVIEW

Richland County proposes to widen select portions of Pineview Road between Shop Road and Garners Ferry Road. The road will be widened from one travel lane in each direction to one travel lane in each direction, separated by a 15-foot center turn lane. A new traffic signal will be installed at the intersection of Pineview Road and American Italian Way. The purpose of the project is to improve operational efficiency and provide congestion relief to portions of the Pineview Road corridor. Temporary side road diversions could occur but a detour of Pineview Road is not proposed.

COMMENTS

We encourage you to provide written comments on the forms provided so we may have a record of your suggestions for our consideration. Richland County appreciates your attendance and strongly encourages you to provide input regarding this project in one of the following ways:

Complete the comment form and place it in the comment box provided. Other forms of comment submissions should be completed by July 7, 2023.
